

CREATIVE NOOK NEWSLETTER

Welcome to Our Newsletter

Our newsletters are a way to share important updates, upcoming events, and highlights from Creative Nook. Each month, we will include a brief overview of what the children have been learning, as well as what they will be focusing on in the month ahead. We hope this gives families a stronger connection to our program and a better understanding of the experiences we provide. We are pleased to share that Creative Nook is officially recognised as a Prep Program for Preschool-aged children. This recognition reflects the dedication of our educators, who continue to improve and strengthen the way we support children's learning and development. Our goal is to provide a safe, loving, and caring environment where every child can grow, learn, and feel supported. You can read more about CORE START on our website blog and on Storypark. One of our biggest achievements this month has been working collaboratively with allied health agencies and the Department of Education to help create a stronger bridge of support for children and families. Through these partnerships, many children have been able to access early intervention before starting school. If you have any concerns about your child's development, please speak with me or one of our wonderful educators. We will do our best to guide and support your family.

Finally, I would like to sincerely thank all our families for their ongoing support and valuable feedback. Your encouragement means a great deal to us and helps us continue to improve the service we provide.

If you are happy with our service, we would greatly appreciate a 5-star review on our Google page.

0-2S ROOM

What We've been Learning This Month

This month the children have enjoyed a variety of meaningful and engaging learning experiences. Special focus has been our collaborative music time. Each day, educators invited the children to explore percussion instruments, sing familiar rhymes and make music together.

During musical sessions, the children have been copying educators' actions and movements, joining in with familiar parts of songs and using words connected to the rhymes. We have noticed some children beginning to communicate their song choices by saying words such as "star" or "baa," or by pointing to their head for "Head, Shoulders, Knees and Toes."

We have also been exploring art pieces from Kudditji Kngwarreye and Bronwyn Bancroft, author and illustrator of *Big Rain Coming*, alongside with a lot of cultural learning experiences with different country flags and cultural dressing, cooking experiences, sensory exploration with fine and gross motor skills such as messy play.

2-3S ROOM

What We've been
Learning This Month

This month the Children have been exploring working on their art pieces from Kudditji Kngwarreye and Bronwyn Bancroft, author and illustrator of Big Rain Coming, along side with a lot of cultural learning experiences, sensory exploration and fine motor skills such as scissors skills.

Each week dance and movement sessions have been included in the program, the Children have been practising following instructions, turn taking and supporting attention span. Following these, physical movements have been focused on during outdoor play such as kicking, running, throwing and catching. We have also been exploring art pieces from Kudditji Kngwarreye and Bronwyn Bancroft, alongside with a lot of cultural learning experiences with different country flags and cultural dressing, cooking experiences, sensory exploration with fine and gross motor skills such as messy play.

3-5S ROOM

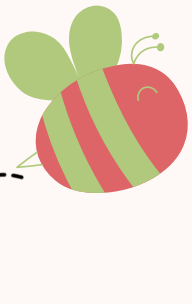

What We've been Learning This Month

This month the Children have been engaging in a range of activities in the room, continuously working on their "Rhyme of the month" which is hey diddle, "letter of the week", this month we have looked E, F, G and H focusing on the sound of this letter and small joining words that start with these letters. The Children have been working on their language skills, memory recall skills, and colour connections.

The Children have been working on their self help skills, looking into their hygiene skills, putting their shoes on and off and pack up skills.

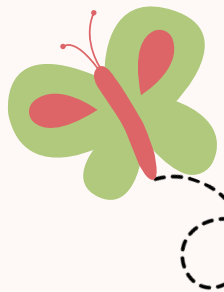

Through all this, the Children have continued to work along side this months Artist of the month - Bronwyn Bancroft, author and illustrator of Big Rain Coming, and Kudditji Kngwarreye.

Some of our older Preschools have been practicing identify their name, and write their names. Also practising count 1-20 and 10-1 with a large focus on sitting for group session to get ready for big school.

Across the Center

Our centre-wide learning focus this month has been exploring culture through the theme "UNITE." We began by learning about Aboriginal culture in meaningful and respectful ways. The children were introduced to the work of artists Bronwyn Bancroft, author and illustrator of *Big Rain Coming*, and Kudditji Kngwarreye. Inspired by these artworks, the 0-2s created their own beautiful pieces using vertical brush strokes, supporting their creativity while also strengthening their upper arm muscles.

We also explored the many cultures within our community through cooking experiences, dancing activities and language. The children are currently learning songs and rhymes connected to Aboriginal, Indian and Samoan cultures.

We have continued our Munch & Move program, with a focus on developing balance and early jumping skills. The children have been practising bending their knees, stomping on one leg and building the strength and coordination needed for jumping.
